

# ATI-HOS

## HG2158

Front axle / Trailer  M+S  

- Especially suited for long-distance traffic
- M + S designation
- Specially developed tread for use on motorways and well-constructed roads
- Excellent water drainage
- Low heat generation
- Noise optimised
- Excellent mileage
- Very good road grip
- Regroovable and suitable for cold and hot retreading
- Due to the dual identification, the HG2158 can also be driven on the front axle.
