

3PMSF-marked
 M+S -marked
 Long distance
 Near distance
 5.000 kg Carrying load

- Improved rolling characteristics of the 4-groove tread pattern ensuring excellent handling and precise steering response at lower fuel consumption
- Thanks to a special carcass construction the increased tread width allows excellent mileage at high loads of up to 5 tonnes
- Safe driving experience due to excellent wet braking
- Independent quality assurance of Production process by TÜV Nord
- Sustainable production by selected raw materials
- Regroovable and suitable for cold and hot retreading
