

3PMSF-marked   
 M+S-marked   
 Long distance   
 Near distance   
 Construction

- Block type tread pattern with open shoulders offering better traction, especially on uneven ground
- Self-cleaning tread pattern through coarser, circumferential blocks with discharge openings on both shoulder sides
- Damage resistant thanks to reinforcements in the bead and shoulder area
- Independent quality assurance of Production process by TÜV Nord
- Sustainable production by selected raw materials
- Regroovable and suitable for cold and hot retreading
